

CARON YEP

Director & Founder, Enhanced Potential

Leadership & Career Strategist | Neuroscience-Based Coach | Keynote Speaker | Workshop Facilitator

ABOUT ME

I'm a leadership and career coach who helps mid-career professional women step into their power with confidence, clarity and purpose. With over 20 years of experience across global industries including banking, IT, mining and recruitment, I combine real-world corporate expertise with a deep understanding of neuroscience, behaviour and psychology to spark transformative change.

As a keynote speaker and facilitator, I bring warmth, wit and wisdom to every room I enter. Through my coaching programs, group workshops and online courses, I help women overcome imposter syndrome, rewire self-doubt, and thrive in leadership roles—without burning out or compromising their values.

I'm the creator of the Recharge Your Career program and the founder of Enhanced Potential, a coaching business designed to amplify women's voices, leadership and wellbeing.

SPEAKING TOPICS

Confidence at Work

Science-backed tools to overcome self-doubt, imposter syndrome and perfectionism.

- Understand the neuroscience of confidence
- Break free from comparison and self-talk
- Use body language, boundaries and self-compassion

Leadership Presence Under Pressure

Stay calm and influential in high-stakes situations.

- Know your leadership style
- Apply emotional intelligence
- Stay grounded and clear-headed

Recharge Your Career

Clarity and confidence for women at a career crossroads.

- Identify mindset traps
- Move past fear and procrastination
- Realign your work with your values

Boundaries & Burnout

Lead effectively without draining yourself.

- Know your energy limits
- Say no without guilt
- Build sustainable success
